Technical Assistance

Working in partnership with clients, the AEM TA team develops tools, resources and processes that are leveraged by clients to improve practice and achieve better results.

OUR APPROACH

LISTEN FIRST

We meet people where they are and value their prior knowledge. We don't rush ahead as the experts.

OFFER EXCEPTIONAL EXPERIENCE AND CONTENT

We invest in people who have deep knowledge and skills in a wide variety of content areas and a genuine care for people.

USE STRONG PROJECT MANAGEMENT PRACTICES

We take a customized approach to project scoping and management to address evolving priorities and needs and ensure the work is sustainable.

COMMIT TO PARTNERSHIP AND COORDINATION

We build bridges within and between organizations. With the client's needs in mind, we leverage experts and centers doing relevant work.

KEY AREAS OF FOCUS

- ▶ **STRENGTHENING** policies, practices, and systems to support educator talent management
- ▶ **EMPOWERING** leaders of educational ecosystems to achieve successful outcomes
- ▶ **SUPPORTING** clients' management and use of data to inform practice

OUR EXPERIENCE

- ▶ **15 YEARS** of TA experience supporting 27 federal program offices, 60 states and territories, 17,000+ districts, thousands of schools, and over 240 grantees
- ▶ **2,000+** needs assessments conducted and TA plans developed
- ▶ **1,000+** universal, targeted, and tailored TA opportunities provided
- ▶ **~40 STAFF** averaging 10+ years of experience, residing in ~20 states with deep experience working at SEAs, LEAs, and IHEs
- ▶ **20+ TEMPLATES AND PROCESSES** for conducting needs assessments, developing actionable TA plans, delivering high-quality TA, and evaluating delivery of services

“**[AEM and its partners] made sure every state was respectfully asked what help they needed and then provided that technical assistance in a creative and effective way.**

We were fortunate to get some of our country's best experts...I think the results speak for themselves.
